

8th District Update

AMWSAP: Implementation Continues

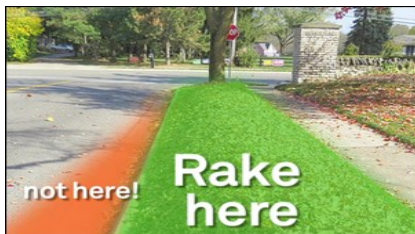

The Armstrong Mill West Small Area Plan (AMWSAP) continues to be a helpful tool that guides improvements in our district. Improving uses within parks, enhancing connectivity and increasing police presence were reoccurring themes expressed by our community during the public engagement process.

In January of this year, I shared with you some of the actions I've initiated in support of the plan we helped develop. As implementation continues, I want to update you on additional improvements made in our district throughout the year:

- ◇ Armstrong Mill Rd, from Bates Creek Rd to Man O' War Blvd, was completely resurfaced with added bike lanes. Many neighborhood roads were paved as well.
- ◇ Construction of the Gainesway Shared Use Trail was completed.
- ◇ Park ambassadors were assigned to Berry Hill Park to deter opportunities for crime.
- ◇ The youth football program run by the Lexington Police Athletics League (PAL) was reestablished at Gainesway Park.

Responding to your needs and implementing the AMWSAP will remain my top priorities for the 8th district. If you have any questions or suggestions for improving our community, always feel free to [contact me](#).

Leaf Collection Starts in November

The Leaf Collection Vacuum Program begins Wednesday, November 9th and runs through Thursday, December 22nd. This once-a-year service is for residents who receive city refuse collection. To participate in the program, rake leaves into a pile between the sidewalk and street no later than the Sunday before your

scheduled collection week. Use the map on the [City's website](#) to find out when service crews will be in your area.

Dear 8th District
Resident,

As we move into the
fall and winter
seasons, your local
government provides

many services that help make our
community a wonderful place to live.
In this issue, you'll find information
about leaf collection and the annual
toy drive hosted by the Lexington
Fraternal Order of Firefighters.

We had an excellent road paving
season this fall and we plan to do
more in 2017 based on our street
ratings and citizen input. I am trying to
get the lowest rated streets paved first
while maintaining those that are in
good condition.

I currently have the following items in
committees to be reviewed by the
Council:

- ◆ Security Cameras in Parks
- ◆ Increased Use of Speed Monitors
- ◆ Review of Long Term Debt Limits
- ◆ Review of Existing Curfew Law

I will keep you updated on each of
these items as they are presented to
the Council.

I remain committed to improving
government services for 8th District
residents. Please use my office as a
resource if you or someone you know
needs help during the cold winter
months. Thank you for your continued
support and have a happy holiday
season.
